§ 122.1 Registration requirements.

(a) Any person who engages in the United States in the business of either manufacturing or exporting defense articles or furnishing defense services is required to register with the Office of Defense Trade Controls. Manufacturers who do not engage in exporting must nevertheless register.

(b) *Exemptions.* Registration is not required for:

- (2) Persons whose pertinent business activity is confined to the production of unclassified technical data only.
- (3) Persons all of whose manufacturing and export activities are licensed under the Atomic Energy Act of 1954, as amended.

(c) *Purpose.* Registration is primarily a means to provide the U.S. Government with necessary information on who is involved in certain manufacturing and exporting activities. Registration does not confer any export rights or privileges. It is generally a precondition to the issuance of any license or other approval under this subchapter.

§ 122.2 Submission of registration statement.

The Registration Statement and transmittal letter must be signed by a senior officer who has been empowered by the intended registrant to sign such documents.
